PRIOR LEARNING ASSESSMENT AND RECOGNITION (PLAR) INFORMATION AND PROCEDURE

Candidates who demonstrate learning acquired through practical experience that corresponds to a specific Humber Polytechnic course may be granted PLAR credit in that course.

Transfer credits **may** be granted for courses taken at other academic institutions. Please [click here](#) to review the Transfer Credit Process.

Process for Prior Learning Assessment and Recognition

1. Obtain the course outline from the Academic Faculty responsible for delivering the course. You can use our [course outline database](#) to check for current outlines. If you do not see a course outline, please contact the Faculty directly.
2. Review the course learning outcomes to determine if your knowledge and skills match and whether you can provide evidence of meeting the competencies outlined.
3. Consult with the program coordinator for clarification and to help you with matching your experience to the course learning outcomes.
4. Prepare Documentation
 - Portfolio: Collect documents that support your application for PLAR. These may include: your resume, a description of your experiences and learning that relate to the course being challenged, work samples, and letters of verification. Include a letter describing your experiences and the learning that relates to the course outline.
 - Challenge Exam: Please submit the PLAR Application form. Once received, the course assessor will contact you to arrange for additional demonstration of learning (personal interview, test or demonstration).
5. Complete the PLAR Application. You must submit one application form for every course you intend to challenge. If you wish to apply for multiple PLAR in your program, please apply at the same time in order to avoid any delay.
6. You can submit your PLAR application and supporting documentations in the following methods:
 - Email: transferoptions@humber.ca (Preferred Method)
 - Mail: Attn: Office of the Registrar – Transfer Services, 205 Humber College Boulevard, Toronto, Ontario, M9W 5L7 (North campus) or 2 Colonel Samuel Smith Park Drive, Toronto, Ontario, M8V 4B6 (Lakeshore campus).
7. This form and supporting documents will be sent to the course assessor who may contact you to arrange for additional demonstration of learning (personal interview, test or demonstration).

PLEASE NOTE:

Academic credit will be granted if your prior learning experiences are considered equivalent (in both theory and practice) to the level expected from students enrolled in that course.

In order to verify documentation, the assessor may contact references or employers named in the portfolio or resume. Apply early. Sufficient time is required for completion of the assessment and processing of paperwork before you are informed of the decision. The process can take four to six weeks to be completed.

A successful assessment will give the applicant academic credit in the specific course and will appear on the student record as a percentage grade or SAT (for satisfied).

Granting of credit for prior learning does not guarantee entry into a program of study. You must follow the normal admission procedure to gain admission into Humber Polytechnic.
